

## DEAR STUDENT,

Thank you for your interest in the University CEU Cardenal Herrera. **2500+ international students** from **70+ countries** are currently studying one of our programs. Are you ready to join this international community?

## FOR A SMOOTHER ADAPTATION

The Spanish Pathway to Nursing has been **especially designed for international students**. If you choose to study this degree, all your 1st year classes will be taught in English.

At the same time, throughout the whole first year, you will attend intensive Spanish courses that will get you ready for the classes of the second year, all taught in Spanish.

The aim is to allow for a **smoother adaptation and integration**.

Students who do not have a full grasp of the Spanish language or students who do not speak Spanish at all have the chance to study our nursing degree with more comfort and ease. It will also add another really important layer to your degree. Studying and being fluent in 2 different languages in your field will be a great asset for your future career and can **open up a world of possibilities**.

Thus, the first year of the Spanish Pathway for **Nursing** includes:

- **42 credits in Nursing sciences, taught in English**
- **Intensive course of “Spanish Language and Spanish for Nursing purposes”.**
