

ACADEMIC YEAR 2022-2023

Bachelor's Degree in Physiotherapy

School of Medicine

ACADEMIC YEAR 2022-2023

Academic Offer

Physiotherapy

Bachelor's Degree:

PHYSIOTHERAPY

✓ Spanish

✓ English

English: All credit units are taught in English.

Study Plan

BACHELOR'S DEGREE

Physiotherapy

LANGUAGE OPTIONS:

- ✓ Spanish ✓ English

English: All credit units are taught in English.

Characteristics:

The Bachelor's Degree in Physiotherapy is designed to prepare our students for the many opportunities that they can pursue after graduation, whether in the private (doctor's offices and clinics) or public sector (at hospital as occupational therapists and in social and health care environments), both in Spain and abroad.

Extracurricular Specialized Training

Advanced theoretical and hands-on training starting the second year (**optional and with no additional cost**) designed for its practical application at work:

- Physiotherapy in Musculoskeletal Diseases
- CPR
- Pilates

Specializations

A single study plan which offers students advanced postgraduate classes starting their second year, at no additional cost. They can choose from any one of the following specializations:

ADVANCED MANUAL THERAPY (200 h)

SPORTS PHYSIOTHERAPY (200 h)

Career Prospects:

Graduates of this degree will have a wide range of career options to choose from in both the public and private sectors:

- Primary care
- Public and private hospitals
- Military health care
- Nursing homes for the elderly
- Mental health institutions
- Work insurance associations
- Government agencies
- Schools
- Non-profit organizations (NGOs)
- Teaching and research

FIRST YEAR

Anatomy of the Musculoskeletal System	6
General Anatomy	6
Biology	6
Biomechanics of Human Movement	6
Psychosocial Science Applied to Physiotherapy	6
Bioethics	6
Physiotherapeutic Assessment and Clinimetrics	6
Manual Topographic Exploration	3
General Intervention Methods in Physical Therapy	6
Fundamentals of Physiotherapy	6
Community Physiotherapy and Public Health	3

TOTAL ECTS 60

SECOND YEAR

Physiology	6
Statistics Applied to Health Sciences	6
General Pathology	6
Man and the Modern World	6
Technology Applied to Physiotherapy	3
Electrophysical Agents	3
Study and Management of Pain	3
Musculoskeletal Physiotherapy I	9
Principles of Kinesitherapy	3
Therapeutic Exercise I	6
Traumatological and Rheumatological Pathology in Physiotherapy I	3
Traumatological and Rheumatological Pathology in Physiotherapy II	3
Clinicals I	3

TOTAL ECTS 60

THIRD YEAR

Musculoskeletal Physiotherapy II	9
Pathology and Physiotherapy in Adult Neurology	6
Paediatric Pathology and Physical Therapy	9
Vascular Pathology and Physiotherapy	6
Cardiorespiratory Pathology and Physiotherapy	9
Therapeutic Exercise II	3
Health Law	3
Physiotherapy Research	3
Social Doctrine of the Church	6
Clinicals II	6

TOTAL ECTS 60

FOURTH YEAR

Musculoskeletal Physiotherapy III	3
Physical Therapy in Obstetrics and Gynaecology	3
Management in Physiotherapy	3
Medical and Pharmaceutical Products	3
Final Project	6
Clinicals III	18
Clinicals IV	18
Modern Language*	3
Keys to Contemporary History*	3
Big Books*	3
Introduction to Christianity*	3
Physiotherapy in Physical Activity and Sport*	3
Dermato-Functional Physiotherapy*	3
Physiotherapy in Cranio-Cervico-Mandibular Disorders*	3
Physiotherapy in Intensive Care*	3

TOTAL ECTS 60

* Electives. Students must complete only 2.

ECTS: European Credit Transfer and Accumulation System.

7,200 class hours of which almost 35% (2,486) are hands-on training.
